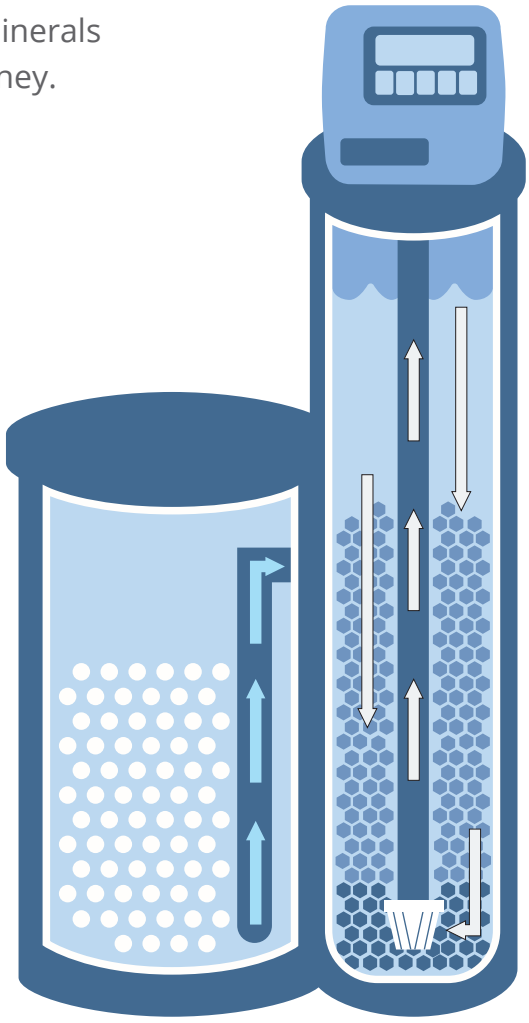
Water Softening: H100 Series

Economical Water Softening for Your Home

The H100 Series removes calcium, magnesium and hardness minerals leaving your water softer and cleaner. Soft water saves you money.



Benefits of the H100 Series Water Softener

- Extends the life of your water using appliances
- No more spotty dishes
- Makes clothing, whiter, brighter and less scratchy
- Protect pipes and plumbing fixtures
- Cleaner fixtures, stain-free sinks, tubs and showers
- Save up to 70% on soap and water usage from hard water removal
